## Introduction

KHPT is a not-for-profit charitable entity that spearheads focused initiatives to improve the health and wellbeing of communities in India. In 2003, KHPT was founded with a mission to enhance the health and wellbeing of vulnerable communities and our journey started with the focus on reducing the prevalence of HIV in Karnataka, specifically among most at-risk populations. These interventions were evidence-driven, systematically planned, rigorously implemented, and monitored. We succeeded in scaling impact well beyond Karnataka and KHPT became a learning site for innovative approaches.
